

Mantri comes to Chennai

Mantri Developers from Bangalore has announced the launch of Mantri Serene adjoining the Periya Eri on the Pallavaram - Thoraipakkam Radial Road, a small residential township about 4 km from the Chennai airport. The project consists of two phases, of which the Phase I has been started with 143 apartments, including 11 penthouses.

Mantri Serene is designed to ensure natural ventilation and daylight. The design focuses on the lake with attention to street frontage. The project has facilities like rainwater harvesting, sewage treatment plant, water softening and purification plant, solar energy for common lighting, as well as ample parking and security systems. The building has earthquake-resistant features.
